

### From Principal's Desk

'This looks like a December day  
It looks like we've come to the end of the way.'  
The year has come to an end along with the academic session. This year witnessed a lot of activities – Inter-House and Inter-School kinds – that have definitely infused certain level of confidence and poise into students' perspective and outlook. They become creative, inventive and self-assured. It seems like everything takes rest in winter, but it is really a time of renewal and reflection.  
Let us all renew our effort of making the coming year a more fruitful one.

**Mohd Asim Ali (Principal)**

### Academic Year 2022-23 – A Bird's- Eye View

The past experiences make our future course more effective, more productive and more focused. At times, the past does not define us but ignites us. The academic year 2022-23 has been, in a way, a past now. Along with academics, there are a lot of activities that strengthened our students' creative energy and enabled them to cross some formidable bars.

A few major activities all through the year that deserve a special mention are enlisted below:

- Shakespeare Day
- Swarsangam workshop and Presentation
- Subject -wise Exhibition
- 'Abhudaya' – Inter-School Fest. at AHGRS
- Annual Day Celebration
- Annual Athletic Meet
- Inter- School Cricket Tournament at AVBIL
- Children's Day Celebration and School fete
- IAYP Camp at Bhimtal
- 'Parampara'- Inter School Fest-2022

### A Journey of a Thousand Miles Begins with a Single Step!

You take the first step and the whole staircase comes to your view. Taking the first step makes all the difference and an interesting story follows. The Literary, Visual and Performing Arts Festival – 2022, PARAMPARA was initiated this year in our school and this tradition will follow for years to come. An Inter-School Festival that attracted fifteen schools from the vicinity including five of our sister institutions from other states of the country was a platform offered to the young minds to meet, greet, interact, compete, and bid goodbye to one another cordially at the end of the day. The competitions facilitated the participants to showcase their skills in literary, artistic, aesthetic, gastronomic domains. These variations gave room for the contestants' broad spectrum of interests.

## Admissions Open for Academic Session 2023-24

## A Season of Celebrations

Christmas is a celebration and it is simply not a day. Christmas is the time that every road leads home. Cordiality is in the air and kindness resides in everyone's heart. The birth of Lord Jesus rings clear and people are elated to hear this news. Our school celebrated this happy occasion which is a season for lighting the fire of hospitality and stoking the fire of brotherhood in everyone's heart. A few Christmas carols, a skit - 'Jesus - a Symbol of Love and Peace' and a few more activities organized in the school were symbolic to the fact that the birth of the homeless should be celebrated in every home.

## What Are Studies?

Nothing but full of maladies.

How to improve myself in academics?

Is indeed boring and academic.

There is yet another query

Why to waste all our teenage in academic worry?

Tests and exams are at regular interval

Why do they take us away from our mood of carnival?

Our life is without merry

The end solution is to 'bury the worry'.

**Parth Bhagat - XII-Sc.**

## Life Is about Creating Yourself!

Let us dare to live the life that we have always wanted. Adventure mellows our heart, feeds our mind and replenishes our lives with stories to tell. The students who went on an adventure trip to Choukhamba Camp near Bhawali, Uttarakhand under the aegis of IAYP [International Award for Young People] had stories to share about their adventure that gave the listeners goose bumps. Rock Climbing, Flying Fox, Kayaking, Rappelling, Trekking in one of the hardest terrains near Nainital gave these youngsters a life-time experience that filled their heart with memories to cherish and their mind with an echo of encore.

## The Star Announces Its Presence with Light, Not Words

The brightest stars cannot be drowned out by even incandescent light. The star that shines is due to the shine of one's academic excellence, his/her skills in spoken English, behavior, personal hygiene, regularity in attendance. Here, the common conception 'Nothing succeeds like success' stands defeated. The competition to be awarded with 'Star of the Month' among of the students of the same class breaks the succession of success. Thus, in a class, many stars start shining. Therefore, a healthy competition is created among the learners.
