love art in yourself, and not yourself in art. -Stanislavsky

HALL OF FAME

HARELA

As long as man thinks himself to be a part of Nature, there remains amicability between him and his natural surroundings. Keeping this in mind, on the day of Harela,

the students of G.D. BIRLA MEMORIAL SCHOOL and ASHOK HALL GIRLS RESIDENTIAL SCHOOL planted some saplings on the school campus which added to the already beautiful campus with lot many trees with foliage of different shades of green. The teachers and the taught were one single unit who spent some of their time to care for Nature.

- 9th | Computer Week
- 16th | Harela Celebration

TECH-WIZARDRY

by Harshvardhan Gururani, XII – Comm.

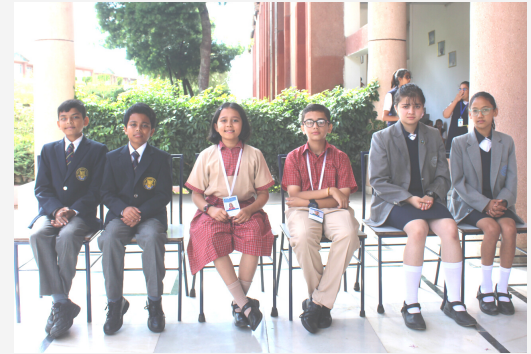

Computer Week is no more about computers than astronomy is about telescopes. Computer has become the part and parcel of everyday life of all and sundry. To further promote the computer skills among the students, our school organizes computer-oriented activities at regular intervals. During this computer week, the students showcased their skills in creating video games, advertisements on consumer products. Some made a few short movies also. The junior children made models of different computer accessories and described their functions to the audience.

CHOIR COMPETITION

ASSEMBLY BY CLASS 4 AND 5

POETRY COMPETITION

All The World's a Stage

by Ashwin Agarwal, XI – Sc.

Our school organized an Inter-school Drama Competition on 8th July, 2022 at Ashok Hall Girls' Residential School, Majkhali. The theme of the competition was: 'Climate Change and Global Warming'. All the plays showed convincingly that global warming drags away this planet from our hold to its ultimate doom. Also, lives on this beautiful planet will be destroyed slowly, steadily and also painfully if humans do not wake up to Nature's clarion call to save Her from calamity.

It was a moment of immense pride as the teachers who have been working at this institution for more than 25 years were paid reverence for their earnest, relentless and continual service. Their contribution has truly been exemplary.
