NEWSLETTER - NOVEMBER 2022

ONE WHO GAVE HIS BEST NEVER REGRETTED IT! -ANNUAL ATHLETIC MEET

The playground teaches the students what is tenacity of muscles and toughness of mind. 'When going gets tough, the tough get going' is proven on the battlefield as well as on the playfield. Different runs, throws, jumps saw some real athletes come out of recesses of their inner self and they show their mettle on the track and field. This two-day validation of muscles of iron and nerves of steel came to an end with a closing March Past.

CELEBRATION OF INNOCENCE AND UNFADED SMILE – CHILDREN'S DAY

It is said that there is nothing so beautiful in the world like a happy child. To celebrate children's happiness, 'Children's Day' jubilation started with some stage performances by teachers such as drama, dance, songs, jokes, and a few speeches. The fete on Children's Day adds to the occasion. There were different outlets for eating mouth-watering dishes and a few fun-game kiosks drew the attention of the carefree souls. Those who unwillingly moved forward from childhood and adolescence would have wondered on seeing the young ones' excitement on the spot of fete how a breezy day outside the classroom is heaven-given for them.

NO DREAM IS EVER CHASED ALONE!

According to some international players, cricket is just an easy game, the players must go to the ground and play. The concept of cricket as a game is more or less the same with the real players. Some intra-school and inter-school matches remain as an exposure to our players whenever they get a chance. In a recently held inter-school cricket tournament in Aryaman Vikram Birla Institute of Learning, Haldwani, our school team took part. Aakarsh Singh from class X and Gaurav Tiwari from class XII by their bating skills stood taller than other players from the school team. Frequent participation in the game enables the players to have a feeling that playing cricket is definitely beyond the playbook.

FAREWELL – CAN MILES TRULY SEPARATE YOU FROM US!

A hard fact of life is that every new beginning comes from some other beginning's end. The outgoing class XII students were bid farewell by the present class XI on 18th November, 2022. Friendly cricket match between class XI and class XII, cultural evening for the XII graders, and a delicious dinner spoke it all about love and respect of the upcoming to the outgoing. The Principal's and the teachers' message to the students of the top grade of the school was that 'It is time to start growing up, taking charge, seeing things as they are, facing facts, having dreams, reshaping them, and growing up.'

ADMISSIONS OPEN FOR ACADEMIC SESSION 2023-2024
